Dear Dave – It's my understanding that Richard Dean has designated you as the technical contact for this project. I checked on the incinerator and it is acceptable for disposal pursuant to the CERCLA Off-Site Rule.

Subject: CERCLA Status of Clean Harbors incinerator in Kimball, NE?

Hi Mike – I have a drum removal site in Colorado and the PRP is proposing to send some CERCLA waste to the Clean Harbors incinerator in Kimball, Nebraska. Could you let me know if that facility is considered acceptable pursuant to the CERCLA off-site rule?

Thank you!
